Econometrics teacher George Kinney was a budding student athlete until a hidden brain injury changed his life. Now, he's struggling to get by without football and is in a bad mood most of the time. When he meets a strange girl named Brett, he reluctantly begins to treat her with kindness for the first time in his life. Eventually, he's forced to confront the idea that you can't be the star on the football team and be nothing in the classroom. Will he accept his new challenge? Author Information

Chris Crutcher has written four novels. His most recent work is THE KIDS, which was published in 2009 and won the prestigious William Faulkner William Wisdom Book Award. In 2007, his novel JOHNNY COWBOY was awarded the Pacific Northwest Booksellers Association Award for Best Historical Fiction. Library Journal Review Crutcher's fourth novel is a sequel to The Kids. It is more of the same, but this time, we get a more complex picture of characters. Crutcher (The Kids, 2002, etc.) has a strong sense of humor, but he also has a sharp eye for social flaws. Everything in this book is over the top but we can't help but laugh at it. His narration is especially good, but this novel has a heavy religious tone that pulls the reader right into the story. Even though the Christian message is central to the story, this book is just as much a comedy about high school life. The author doesn't shy away from the difficult situations his characters face, but he makes it clear that society creates the problems. A generous amount of humor makes for a pleasant read. Product Description STAY IN SCHOOL'S JACK BAYBEE is one of America's most popular and beloved high school athletes. The only problem is, he's not in school. Because of his life-long gift of special perception, he has been recruited by school administrators as a kind of sociological experiment. But instead of getting his GED, he's shipped off to live with a religious group in South Texas where he's forced to spend two years working on a ranch with his old football coach and his nutty wives. "I know it sounds like an insane plan," he says, 82157476af
